The problem

Certain foods and drinks, stress and even over-exfoliation can all lead to facial puffiness and redness. And sometimes even after a good night's sleep you can wake up looking a little puffy. While it's usually temporary, it's not your best look.

Norwex solution

Roll away puffiness with our Cooling Facial Globes. This handy set of two promotes blood circulation, in turn helping to alleviate minor swelling and redness. The cooling sensation feels great on your skin, and they can also be used with Norwex skin care products to help hydrate and moisturize your skin at the same time.

Why they're better

- Massaging action reduces puffiness and helps temporarily promote skin circulation
- Can help reduce signs of redness
- Reusable

What your customers will love

- Leaves skin feeling renewed
- Instantly cools skin for a soothing effect
- Includes optional non-slip comfort grips to keep hands warm

How to use

- Place in refrigerator or a bowl of ice water 10–15 minutes before each use
- Use on clean skin or pair with Norwex skin care products for optimal absorption
- Optional: slide on non-slip grips so hands stay warm
- Gently roll along the contours of face, neck and décolletage using slow, upward and outward motions
- Rinse after each use

Did you know

- Cold temperatures constrict blood vessels to help decrease swelling in the skin
- Facial swelling could be a symptom of something more serious. Always check with a doctor if you're not sure.
- Dehydration can lead to facial swelling. Make sure you're drinking plenty of water every day
