

# Kitchen Multipurpose Scrub Sponges

Your all-in-one tool for wiping up spills and scrubbing away tough messes. No harmful cleaning chemicals or wasteful paper towels needed!

## limited-edition

Item #: E30517 (set of 3)

10.2 cm x 15.2 cm | 4" x 6"

## The problem

It's tempting to reach for a single-use paper towel whenever there's a spill. And dried-on, stuck-on grunge and grime usually require several products to remove the mess. Wouldn't it be nice if there was one reusable product to both absorb spills and quickly scrub away tough dirt without resorting to wasteful paper towels or expensive, harmful chemical cleaners?

## Norwex solution

The Kitchen Multipurpose Scrub Sponges absorb spills as well as eliminate stubborn dirt throughout the house. Tough, scrubby microfiber on one side easily removes stuck-on food from countertops, soap scum from bathtubs and showers, stubborn scale around taps and more – then the absorbent channel weave microfiber on the other side quickly wipes it away. Thick foam in the middle absorbs spills and more.

## Why they're better

- Densely woven, superfine Norwex Microfiber physically removes up to 99% of bacteria from a surface with water alone when following proper care and use instructions
- The convenience of both scrubby and soft, absorbent microfiber in one product
- Reusable so they eliminate unnecessary waste
- Designed to work with water alone
- Can be used with other Norwex household cleaning products to easily tackle grease, stains and more without harmful cleaning chemicals
- BacLock®, our exclusive micro silver agent, protects the cloth by inhibiting odor in the cloth, which means it's ready to use again and again

## What your customers will love

- Great for countertops, sinks, backsplashes, bathtubs, showers, faucets and fixtures, vehicles, toys, tools, kitchen appliances, outdoor furniture and much more
- Double-sided for twice the cleaning power
- Sized perfectly for a variety of cleaning jobs
- Set of three so you can keep one in your kitchen and have the others ready for other household jobs
- Various colors so you can color-code for different jobs

## How to use

- Use rough side to gently scrub without scratching
- Use the soft, absorbent Norwex Microfiber side to absorb spills and wipe surfaces
- Use wet or dry
- Can be used with water alone or with other Norwex cleaning products
- Wash slightly dirty microfiber with your favorite Norwex detergent or Dish Soap under warm, running water. Rinse thoroughly, hang to dry or drop into the dryer.
- Always test in an inconspicuous spot before using on surface of choice – especially when using on coated surfaces

## Caring for microfiber

Wash dirty microfiber with a Norwex laundry detergent and avoid bleach, fabric softeners and dryer sheets. For complete instructions, go to your *Consultant Office* > *Product Info* > *Product Instructions* > *Microfiber Care & Use*.

(continued on next page)

\*BacLock is an antimicrobial agent solely intended to protect and self-clean the cloth by inhibiting growth of odor-causing bacteria, mold and mildew.

All Norwex Microfiber products carry a two-year warranty. Please visit [www.norwex.com/product-guarantee](http://www.norwex.com/product-guarantee) for complete details.

## Kitchen Multipurpose Scrub Sponges *(cont.)*

---

### Did you know

- Around the world, used paper towels create 254 million tons of trash every year
- Every day, 51,000+ trees are cut down to feed the paper towel habit of North America  
<https://recyclenation.com/2009/11/going-paper-towel-less/>
- Depending on the amount of use they receive, sponges tend to degrade over time and must be replaced
